REPORT ON AWARENESS SESSION NORTH EAST ENTREPRENEURSHIP DEVELOPMENT PROGRAMME

In its effort to promote entrepreneurial mindset amongst the youth in the college, the Entrepreneurship Development Cell, Shillong College, in collaboration with PRIME Meghalaya, North Eastern Council (NEC) and Indian Institute of Management (IIM) Kolkata Innovation Park, organised its first Awareness Session on North East Entrepreneurship Development Programme on the 13th September, 2022, in Shillong College Auditorium at 11.00 am to 12.30 pm, where a total of approximately 150 participants which include students from all streams (Arts/Science/Commerce/ Professional Courses) and the past participants of the EDC Certificate Course attended the session. The objective of the programme is to create awareness among the youth with respect to the different support system and schemes brought out by the government to promote start ups in the entire North East Region. The Principal gave her welcome address, where she welcomed the resource persons and stress on the importance of the programme where the mission is to encourage students to become job creators and not job seekers. The Resource persons for the interactive sessions were Miss Jacqueline Swer, Senior Incubation Manager, PRIME / IIM Innovation Park Kolkata, and Mr Jeff Rani, Manager, Entrepreneurship Ecosystem Development, PRIME Meghalaya/IIM Kolkata Innovation Park.

The Resource Person Miss Jacqueline Swer, created a very pleasant environment for the students whereby they were able to present the program structure of the North East Entrepreneurship Challenge (Hunt), its process, and rewards. She informed the participants about the Hunt which is a culmination of many initiatives to identify the top 270 Startups ideas in the region and provide them with recognition and rewards to enable them to transform their innovative ideas into an actual business plan. The hunt targets 4 groups namely Pre incubation for those who have an innovative idea or prototype stage and aids them in developing it into a sustainable business venture, and the Incubation for those startups in early revenue stage or proof of concept and supports them to commercialise or

scale their business. The participants were informed about the grant which the government intends to give to the winners to help them start their business and the other forms of financial assistance which they can availed. Miss Jacqueline Swer interacts with the participants and also clarified and answered all the questions which were asked by the participants. Mr Jeff Rani presented about PRIME Meghalaya its functions and facilities in facilitating, hand holding, training and support for all the young entrepreneurs registered with them and encourage all the youth with the idea and passion to start their own business to take up the opportunities presented to them.

The programme ended with a vote a thank by the Shri. B. Syiem, Vice Principal, Shillong College.

Dear Ma'am,

With regards to the discussion we had on the 6th September 2022. Please see below the trailing mail below regarding the North East Entrepreneurship Development Program (NEEDP) program promotion in Meghalaya.

Also we would like to inform you that the date for the awareness program on the same to be held at your College is fixed on the **13th September 2022 (Tuesday), Time: 11:00AM - 12:30PM.**

We will update you with the details of the programs or any other requirements for the program.

Thanks & regards,

Jeff Rani,
Manager
Entrepreneurship Ecosystem Development
PRIME Meghalaya/IIM Calcutta Innovation Park

Subject: Proposal for student awareness program on entrepreneurship

To: Jeff Rani <jeff.primehub@iimcip.org>

Cc: Rajarshi Sarma <rajarshi.sarma@iimcip.org>

Dear Jeff,

This is with regard to our telephonic discussion today about NEEDP programme promotion at Meghalaya.

We are currently working with North Eastern Council (NEC) to strengthen the startup ecosystem across all 8 states in the Northeast. As a part of this work, we have launched a program NEEDP (<https://iimcip.com/needp/>) to promote the spirit of entrepreneurship and assist existing as well as future entrepreneurs to build robust, sustainable businesses. This program is intended towards providing guidance as well as financial assistance to the desired candidates. One major thrust area of this initiative is also to reach out to the student community and guide them towards a career in entrepreneurship.

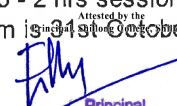

To create awareness about this program, we are conducting Outreach Seminars in prominent academic institutions across the North East. Tripura University, being one of the most prestigious institutions in India, has been the torchbearer of academic excellence in the region. It will be a great privilege for us to conduct a 1.5 - 2 hrs session in your campus some time in this month or the next (as the application deadline for the said program is 31st October).

This seminar will cover the following topics:

1. Introduction to Entrepreneurship and Startups, Startup Ecosystem in India. (20 minutes)
2. Entrepreneurship as a career option. (20 minutes)
3. About the NEEDP program (20 minutes)
4. Question and Answer session (30 minutes)

We will be grateful if you can kindly advise on the next steps.

[About the NEEDP program](#)

Principal
Shillong College
Shillong-3

North East Entrepreneurship Development Program (NEEDP) is an initiative of NEC (North Eastern Council) implemented in association with IIM Calcutta Innovation Park, aimed at creating an inclusive entrepreneurial ecosystem that can help foster, Socio-Economic Development and Employment Generation in the North East region. As a part of this initiative, North East Entrepreneurship Challenge (Hunt) will be organized for existing and aspiring entrepreneurs across all the eight states of North East and identify a target group of 270 entrepreneurs through a systematic, transparent selection process ensuring representation from each state. These startups will be taken through incubation (for revenue stage startups) and pre-incubation (for pre revenue stage startups) programs - which will help them to commercialize and grow their businesses. Also, all the 270 selected startups will receive grants, subjected to completion of specific milestones.
