

Activities

The committee is engaged with the organisation of extra curricular activities like debate, quiz, essay writing, letter writing, sit and draw, painting, flower arrangement, competitions etc. during the college week. It also plays an active role in celebrating the Independence Day, college foundation day and diamond jubilee of the college by organising events like inter college and inter school quiz and debate competitions from time to time. It also encourages students to participate in competitions and group activities in other institutes away from the comfort zone of their own college.

A brief highlight of the activities are:
