

## FEEDBACK ACTION TAKEN REPORT 2018-2019

Based on the analysis of the feedback collected from the teaching, students, and alumni, the college has taken certain steps to ensure development and make improvements to serve better such as:

- i. To strengthen the infrastructural facilities, the college has completed the construction of C Block, which will provide many additional classrooms to allow the teachers to take more classes for students and the indoor stadium is renovated.
- ii. In order to provide better accessibility to past question papers, the library has maintained the QPs in soft copy.
- iii. The college is also looking into possibilities of introducing post graduate courses.
- iv. Classrooms are installed with LCD projectors in a phase wise manner, to facilitate the teachers and students in teaching and other class activities, like students' presentations and seminars.
- v. The college office is also streamlining the office section to ensure better services to students and teachers alike.
- vi. From time to time, the college also conducts or depute the teaching and non-teaching staff to training programmes, to empower them to serve the students better, in both teaching in particular online mode teaching as well as office administration.
- vii. Places where installation of drinking water for students and staff are identified.
- viii. To improve the wi-fi facility in the institute the ICT Cell are to study the matter and report to the management.
- ix. For better Teaching – Learning Process, many teachers are encouraged to use ICT tools.
- x. The construction of the auditorium in Block C is undergoing.
- xi. Certain renovations are also made to increase the accessibility in the college campus for the Persons with disability (PWDs).
- xii. The Botany Department are asked to conduct a feasibility study on the development of the Botanical Garden.
