

## FEEDBACK ACTION TAKEN REPORT 2019-2020

Based on the analysis of the feedback collected from the teaching, students, and alumni, the college has taken certain steps to ensure development and make improvements to serve better such as:

- i. To strengthen the infrastructural facilities, the college has completed the construction of C Block, which will provide many additional classrooms to allow the teachers to take more classes for students.
- ii. To improve the library facilities, the library is expanded to accommodate more students, and strengthening of up-to date books as well e-resources.
- iii. The Environmental Science Department cum Laboratory and has undergone renovations to ensure better teaching – learning process for both teachers and students.
- iv. Many classrooms are installed with LCD projectors, to facilitate the teachers and students in using ICT in teaching and other class activities.
- v. To smoothen the flow of information and recording the college and ensure better Student-Office Staff Services the College Office is also undergoing expansion and renovation.
- vi. From time to time, the college also conducts or depute the teaching and non-teaching staff to training programmes, to empower them to serve the students better, in both teaching in particular online mode teaching as well as office administration.
- vii. The Swimming Pool for Physical Education and Sports Facilities are also under construction in the College Extended Campus at Mawkasiang.
- viii. Since many teachers and students are facing difficulty with wi-fi facility, the ICT Cell are asked to look into the matter and make suggestions to the management.
- ix. The management is also planning to renovate the science laboratories so as to provide better teaching learning experience.
- x. The construction of the auditorium is undergoing.
- xi. The Girls and Boys Common Room are also expanded and renovated.
- xii. Online Training for teachers on online teaching tools with the onset of the pandemic lockdown, to ensure the continuation of teaching learning process.
