

Department of Statistics,
Shillong College

Feedback Actions taken Report:

Based on the feedback from Students, more ICT enabled classes were taken. The Practical laboratory has now been upgraded in consonance with the needs of the students with good number of computer system and spacious laboratory. The department is equipped with a very efficient team of teachers who can contribute a lot to the growth of the department. The Department from time to time organise a seminar presentation for the honours students which further improved their knowledge about the subject. Programmes with centric motive on career guidance and awareness were held during the year 2019 and 2021.
