

ACTIVITIES OF THE DEPARTMENT

YEAR: 2022

1. Departmental Orientation Programme, 2022

An orientation programme for the fresh students of 1st semester was organised on the 22nd of July 2022. The programme was also attended by students of 3rd and 5th semesters and the teachers as well. This programme aims to highlight the new batch of students all the information about the department and also with regards to the curricular aspects, the activities and the discipline. In this programme, the office bearers for Zoonic circle and class representatives for all three semesters was also elected.

The list of office bearers elected are:

General Secretary – Rishosnes Thabah 5th semester

Assistant Secretary- Nabam Punam 5th semester

Treasurer - Rottna Chakma 5th semester

Bulletin Board secretary- Augustine H. Nongrum 3rd semester

Class Representatives;

1st semester- Saralin Wahlang

3rd semester- Achieve Phawa

5th semester- Phinaki Shadap Manner

Odd semester students at the Departmental Orientation Programme.

2. Field Trip
to
Syntung, East Khasi Hills District, Meghalaya

Students along with teachers at Syntung Village

Students of 6th semester were taken for a field trip to Syntung, East Khasi Hills District on the 6th March, 2022. During this field trip students analyzed the water chemistry like temperature, pH, D.O, conductivity, alkalinity of the Wahrashi river. They also recorded the fauna within and around Syntung village and observed the aquatic life form found in the river with photographic documentation which was later discussed with the teachers. This trip highly benefit the students, add more knowledge and help in better understanding the subject of Zoology through first-hand experiences. It will also help them to develop a holistic life.
